

Coherent Compliance with REACH Statement:

REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) is a European Union Commission (EUC) Regulation on chemicals and their safe use (EC 1907/2006) entered into force on 01 June, 2007.

Coherent supports the basic aim of REACH in improving the protection of human health and environment through the better and earlier identification of intrinsic properties of chemical substances. Coherent meets all applicable REACH requirements and is committed to providing our customers with information about substances in its products as required.

Under REACH, registration of substances which are used in the manufacturing of articles do not apply to Coherent operations.

Coherent products are “articles” as defined in REACH Article 3(3) and do not release substances under their normal use. Suppliers of articles must provide recipients with information on Substances of Very High Concern (SVHC) if those are present above a concentration limit of 0.1% on an article level. As Coherent’s duty to communicate information on substances in articles, the delivered product(s), based on Coherent’s knowledge, may contain the listed chemical substance(s) included on the REACH Candidate List at this link: [REACH Communication Obligations Article 33](#)

Coherent will communicate our continuing efforts to comply with REACH as we gather and analyze data from our supply chain. In addition, Coherent will respond to changes to the SVHC list as they are published. Coherent will continue to work with our supplier base to reduce or eliminate those SVHCs from its products and packaging, and to ensure that all SVHC’s are notified to the European Chemicals Agency where practical to comply with the REACH requirements.

The current Candidate List of SVHCs can be found here: [ECHA Website](#)

Coherent’s Position on the Restriction of Hazardous Substances (RoHS)

Coherent closely monitors developing RoHS legislation globally. Coherent and Coherent products supplied by Coherent meet applicable RoHS requirements. Coherent will ensure continuous compliance with applicable requirements, including measures that amend or supersede those.

Coherent supports the overall RoHS legislation objective of contributing to the protection of human health and the environment, including the environmentally sound recovery and disposal of waste electrical and electronic equipment, and has a comprehensive compliance program in place to help ensure that applicable obligations continue to be met. Coherent is strongly committed to continue working with customers and its supply chain to implement applicable RoHS requirements as they continue to evolve, and help ensure continuous compliance. Additionally, Coherent works with electronics industry peers and other stakeholders to promote common regulatory and industry

approaches to RoHS compliance. Coherent is fully compliant with Directive 2011/65/EU and Amendment Directive 2015/863/EU.

China

Coherent products supplied by Coherent are in conformity with applicable requirements of China's "Management Methods", commonly referred to as China-RoHS, and associated standards. Coherent will ensure continuous compliance with applicable requirements, including measures that amend or supersede those.

Other Regions

Coherent and Coherent products supplied by Coherent also meet applicable requirements of other regions that have adopted RoHS like legislation.

California Proposition 65

Proposition 65 requires the provision of a warning to California consumers regarding products containing certain chemicals. We are providing the Proposition 65 warning as follows:

WARNING: This product contains Lead which is known to the State of California to cause cancer and birth defects or other reproductive harm. While we make every effort to source products responsibly, we also want our customers to make informed purchasing decisions, including by learning more about Proposition 65. For more information about Proposition 65, please visit the California OEHHA Proposition 65 program at <http://www.oehha.ca.gov/prop65.html> or <http://oehha.ca.gov/proposition-65/proposition-65-list>
